PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS OF
SONOCO PRODUCTS COMPANY
APRIL 20, 1994

GENERAL INFORMATION

The solicitation of the enclosed proxy is made by the Board of Directors of Sonoco Products Company, whose principal address is Post Office Box 160, One North Second Street, Hartsville, South Carolina, 29551-0160, for use at the Annual Meeting of Shareholders, to be held at 11:00 A.M. on Wednesday, April 20, 1994, and at any adjournments thereof.

Any shareholder who executes and delivers a proxy has the right to revoke it at any time before it is voted. The proxy can be revoked by giving notice of revocation at the Annual Meeting, or by delivery to the Secretary of the Company, Post Office Box 160, One North Second Street, Hartsville, South Carolina, 29551-0160, of an instrument which by its terms revokes the proxy, or by delivery to the Secretary of a duly executed proxy bearing a later date. Any shareholder who desires to do so can attend the meeting and vote in person in which case the proxy will not be used.

The Annual Report to shareholders, including financial statements for the year ended December 31, 1993, is enclosed unless you have signed a statement indicating that you have access to another copy at your address. The Annual Report, Proxy Statement and Proxy were first mailed to shareholders on or about

March 18, 1994.

The expense of the solicitation of proxies will be borne by the Company. Solicitations will be made by the use of the mails and, if necessary, officers and regular employees of the Company can make solicitations of proxies by telephone or telefacsimile or by personal calls. It is contemplated that brokerage houses, nominees and fiduciaries will forward the proxy soliciting material to the beneficial owners of the stock held of record by such persons and that the Company will reimburse them for their charges and expenses in connection therewith.

The Company has authorized two classes of stock consisting of 150,000,000 authorized shares of no par value Common Stock, of which 86,861,963 shares are outstanding and 30,000,000 authorized shares of no par value Preferred Stock of which 3,450,000 shares of \$2.25 Cumulative Convertible Preferred Stock are outstanding. Each share of the Company's Common Stock will be entitled to one vote on each matter submitted at the Annual Meeting. Only shareholders of record of the Company's Common Stock at the close of business on March 4, 1994, will be entitled to vote at the meeting. The shareholders of the Company's \$2.25 Cumulative Convertible Preferred Stock, issued in November, 1993, will not be entitled to vote at the Annual Meeting.

A majority of the shares entitled to be voted at the Annual Meeting constitutes a quorum. If a share is represented for any purpose at the Annual Meeting by the presence of the registered owner or a person holding a valid proxy for the registered owner, it is deemed to be present for purposes of establishing a quorum. Therefore, valid proxies which are marked "Abstain" or "Withhold" and shares that are not voted, including

3

6

proxies submitted by brokers that are the record owners of shares (so-called "broker non-votes"), will be included in determining the number of votes present or represented at the Annual Meeting.

If a quorum is present at the meeting, directors will be elected by a plurality of the votes cast by shares present and entitled to vote at the meeting. Votes that are withheld or that are not voted in the election of directors will have no effect on the outcome of election of directors. Cumulative voting is not permitted.

Approval of the amendments to Article 9(a) of the Restated Articles of Incorporation and to Article III, Sections 1 and 2 of the By-Laws requires the affirmative vote of two-thirds of the outstanding shares. Accordingly, proxies marked "Abstain" and shares that are not voted will have the same effect as votes against the amendments.

Approval of the amendment to Article III, Section 5 of the By-Laws requires the affirmative vote of a majority of the outstanding shares. Accordingly, proxies marked "Abstain" and shares that are not voted will have the same effect as a vote against the amendment.

Shares represented by all properly executed proxies, delivered pursuant to this solicitation, will be voted at the Annual Meeting or any adjournments thereof. Where the proxy card specifies a choice with respect to any matters to be voted upon, the shares will be voted in accordance with the specifications so made. Where the proxy card does not specify a choice with respect to an item, the proxy will be voted FOR such item.

EXECUTIVE COMPENSATION COMMITTEE'S REPORT TO SHAREHOLDERS

The Executive Compensation Committee of the Board of Directors (the "Committee") is responsible for setting the remuneration levels for executives of the Company. It also oversees the Company's various executive compensation plans, as well as the overall management compensation program. The Committee periodically evaluates the Company's executive compensation program in terms of appropriateness, including competitive positioning relative to other companies' practices. The Committee obtains independent and impartial advice from external compensation consulting firms in order to maintain objectivity in executing its responsibilities. The Committee met four times during 1993, and had met once in 1994 as of the printing of this report.

PHILOSOPHY

The executive compensation program has been designed to attract, motivate, reward, and retain senior management by providing competitive total compensation opportunities based on performance, teamwork, and the creation of shareholder value. It is a basic program consisting of salary, annual cash bonus awards, annual stock option awards, perquisites, and employee benefits.

In order to determine competitive compensation levels, the Company participates in a number of surveys conducted by independent consulting firms, and from time to time contracts with these firms to perform customized studies of companies in our industry groups and/or with companies showing similar long-term financial performance results. In these surveys executive compensation levels are developed by looking at large numbers of similar positions across American industry. The results reflect adjustments based upon Company revenues. Companies in the Dow Jones Containers and Packaging Group also are included, as available, among the companies whose survey data is used in our studies. This group, which includes the Company, was used in the five year shareholder return performance graph that appears on Page 20.

The total compensation package for executives is structured to be competitive with the median total pay practices for executives of other large corporations. The base salary ranges are targeted to be at the median of surveyed market rates. Incentive compensation, consisting of the annual cash bonus plan and the annual stock option awards, is targeted to provide median

market compensation for expected Company performance, and is leveraged upward to motivate and reward executives for exceptional performance. Executive perquisites are limited and provide a lower benefit than the market median. The benefits program for executives provides an overall level that is slightly higher than the market median. This benefits program, in particular the retirement and life insurance plans, is designed to enhance retention of executives until normal retirement age.

Following is a discussion of the elements of the executive compensation program, along with a description of the decisions and actions taken by the Committee with regard to 1993 compensation. Also included is a specific discussion of the decisions regarding Mr. Coker's compensation for performing the duties of Chairman and Chief Executive Officer ("CEO"). The tables and accompanying narrative and footnotes which follow this report reflect the decisions covered by the discussions below.

13

16

SALARY

The Company's salary ranges and resulting salaries are based on a relative valuing of the duties and responsibilities of each position, as well as the annual revenues of the Company or applicable business unit. The Company reviews the base salaries of all salaried employees on an annual basis. Merit salary increases are awarded from a table which considers each individual's performance rating and position in his or her salary range. The Committee used the identical process and table to determine salary adjustments for each of the executive officers, including Mr. Coker, whose most recent increase was effective June 1, 1993.

ANNUAL BONUS AWARDS

The Company has a bonus plan which for 1993 provided for cash incentive opportunities based upon achievement of pre-determined annual financial performance goals, as well as attainment of key individual strategic and operational objectives. The purpose of this plan was to link a significant portion of executive pay to both the Company's operating performance for the year and critical issues affecting the long-term health of the Company.

Financial performance goals were weighted from 80% to 86% of the total bonus opportunity. For executives with total corporate responsibility, the plan's financial goals were based on corporate earnings per share from ongoing operations. For executives with business unit responsibility, one half of the bonus opportunity available for financial performance was based on corporate earnings per share and the remainder was based on business unit profit before interest and taxes. Consistent with prior years, unusual non-recurring items, such as gains resulting from the sale of businesses and restructuring charges, were excluded in determining operating performance.

The key strategic and operational objectives for 1993, which were weighted from 14% to 20% of the total bonus opportunity, varied by individual and were in areas such as employee safety, customer satisfaction, business development, strategic acquisitions, technology innovation, management succession and employee development, process improvement, total quality management, and environmental protection.

On February 2, 1994, the Committee reviewed and approved the 1993 annual bonus awards for executive officers. Initial bonus amounts were assigned to each executive officer based on the scoring of financial goal attainment and subjective evaluations of how well the personalized objectives were met. In some cases the Committee used additional discretion based on its assessment of individual performance and internal equity in the determination of final bonus amounts. Mr. Coker's earned award under the plan reflected both the Company's financial performance, based on earnings per share from ongoing operations in accordance with the predetermined bonus plan formula, and the Committee's assessment of how well he met his key strategic and operational objectives for the year.

STOCK OPTIONS

In 1993 Mr. Coker, the executive officers, and other key management employees received options to purchase shares of Common Stock under a plan which previously had been approved by the Company's shareholders. The price of these options was set at the prevailing market price on the date the options were awarded. Accordingly, these options will be valuable to the recipients only if the market price of the

14

17

Company's stock increases. The size of each option award, including Mr. Coker's, in conjunction with annual cash bonus opportunity, reflects median competitive incentive compensation opportunities as reported by independent consulting firms.

OTHER

On October 21, 1993, Engraph, Inc., a publicly traded company, merged with the Company. In conjunction with this merger, the Company assumed all outstanding Engraph, Inc. stock options for sixty-five additional individuals, one of whom became an executive officer of the Company. As a part of this assumption, these option holders were awarded rights that would preserve their gains in Engraph, Inc. options on the merger date.

Beginning in 1994, tax law changes restrict a publicly traded company's right to deduct certain types of compensation payments to the CEO or to any of the four other named executives for amounts in excess of one million dollars. The Company previously adopted a deferred compensation plan and shareholders have approved a stock option program which, under present tax laws and regulations, affords the Company sufficient opportunity to ensure complete tax deductability of all applicable compensation payments.

Tax law changes further limit the amounts that the Company can award to employees participating in the Employee Savings and Stock Ownership Plan, and reduce the amount of retirement income that executives can receive from tax-qualified retirement plans. As a result of that legislation, the Company adopted a non-qualified benefits restoration plan to keep employees whole with respect to benefits now limited by tax law under the Company's qualified employee benefit plans.

PENSION TABLE

Executive officers participate in a non-contributory defined benefit program which provides for a maximum annual lifetime retirement benefit equal to 60% of final average compensation computed as a straight life annuity based on the highest three of the last seven calendar years. In order to receive the full benefit, the executive must have at least fifteen years of applicable service and retire no earlier than age sixty-five. Qualified spouses receive survivor benefits at a rate of 75% of the benefit paid to the executives. The total benefit provided by the Company is offset by 100% of primary U.S. Social Security.

DIRECTOR'S COMPENSATION

Employee directors receive no additional compensation for their services as members of the Board of Directors. Effective July 1, 1992, non-employee directors were paid an \$8,500 quarterly retainer fee and a \$1,000 attendance fee for special meetings. On July 1, 1993, the quarterly retainer fee was increased to \$9,000.

Directors are able to defer part or all of their fees. Directors can choose to earn market rate interest credits on their deferrals or have their deferrals treated as if invested in equivalent units of Sonoco Products Company Common Stock. In the latter account they earn dividend equivalent credits which are reinvested in stock equivalent units. The directors can choose a fixed period, commencing the January following termination from the Board of Directors, over which the account balances will be paid in annual installments.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. A. T. Dickson, C. J. Bradshaw, R. E. Elbertson, and E. C. Wall, Jr. served on the Company's Executive Compensation Committee during the year ended December 31, 1993. Mr. J. C. Fort, a former employee of the Company, who served

as Senior Vice President -- International Group from 1983 to 1986, and Senior Vice President from 1986 until his retirement in 1987, resigned from the Executive Compensation Committee on October 20, 1993, prior to the meeting of the committee on that date. Mr. Paul Fulton was appointed to the committee on January 1, 1994.

Mr. A. T. Dickson and Mr. Paul Fulton, directors of NationsBank Corporation, and Mr. C. J. Bradshaw, a director of The South Carolina National Bank and South Carolina National Corporation, are members of the Executive Compensation Committee. On October 8, 1987, the Company entered into a seven-year \$50,000,000 interest rate swap agreement with NCNB National Bank, now NationsBank of North Carolina, N.A., to exchange a floating interest rate payment for a fixed rate payment. On October 1, 1993, NationsBank of North Carolina, N.A., also extended to the Company, as a backstop facility for its commercial paper program and general corporate purposes, a five-year committed line of credit for \$75,000,000. The South Carolina National Bank has extended a similar line for \$65,000,000. These committed lines of credit from NationsBank of North Carolina, N.A., and The South Carolina National Bank have been in place since 1987 and have been renewed and increased or decreased according to the Company's needs. Additionally, NationsBank of North Carolina, N.A., has extended other lines of credit to the Company as support for letters of credit, overdrafts and other corporate needs. NationsBank of North Carolina, N.A., also provides treasury management services to the Company and investment management services through its trust department. The Company pays fees to NationsBank of North Carolina, N.A., for these services and for the availability of the lines of credit, as well as interest on borrowed funds. All transactions were handled on a competitive basis. Management is convinced that the rates and provisions were as favorable to the Company as otherwise could have been obtained.

Mr. H. L. McColl, Jr., an executive officer of NationsBank Corporation, is a member of the Company's Board but is not a member of the Company's Executive Compensation Committee. Mr. C. W. Coker, Chairman and Chief Executive Officer of the Company, is a member of NationsBank Corporation's Compensation Committee.

TRANSACTIONS WITH MANAGEMENT

Mr. H. L. McColl, Jr. is Chairman, Chief Executive Officer and Director of NationsBank Corporation. Mr. C. W. Coker, Mr. A. T. Dickson and Mr. Paul Fulton are directors of NationsBank Corporation. Mr. C.J. Bradshaw and Mr. T. C. Coxe, III are directors of The South Carolina National Bank and South Carolina National Corporation. See the "Compensation Committee Interlocks and Insider Participation" section above.

During 1993 the Company purchased lumber from a company of which Mr. E. C. Wall, Jr., a director of the Company, is Chairman of the Board and more than a 10% beneficial owner. The aggregate purchase price of the lumber was \$837,293. The Company also purchased timber during the year from a trust of which Mr. T. C. Coxe, III, a director and executive officer of the Company, is trustee and more than a 10% beneficial owner. The aggregate purchase price of the timber was approximately \$282,000. Management of the Company believes the prices and terms were comparable to those the Company could have obtained from unaffiliated third parties.

The Board of Directors recommends to the shareholders of the Company the approval of certain amendments to the Company's Restated Articles of Incorporation and the By-Laws. The amendments would delete the present fifteen person maximum number of directors the Company can have, would give the directors the ability to set the size of the Board of Directors, as well as to create and fill vacancies on the Board of Directors, and would require that nominations for directors to be elected at any Annual Meeting of Shareholders, other than incumbent directors, be made in writing at least sixty days prior to the Annual Meeting.

The proposed amendments also recognize that the holders of the Company's \$2.25 Cumulative Convertible Preferred Stock have been given the right to elect two directors during any period in which payment of dividends on the Preferred Stock is in arrears and make it clear that any such directors are in addition to the directors elected by the Common Shareholders.

Although the proposed amendments would give the Board of Directors the ability to change the size of the Board, under South Carolina corporate law, the directors are prohibited from increasing or decreasing by more than 30% the number of directors last approved by the shareholders; only the shareholders can approve a greater increase or decrease. Furthermore, any persons elected by the Board to fill vacancies on the Board of Directors, whether such vacancies arise by reason of resignation, death, increase in number of directors, or otherwise, can serve only until the next Annual Meeting of Shareholders.

The proposed amendments relating to size of the Board of Directors and giving directors the ability to fill vacancies between Annual Meetings are intended to give the Board greater flexibility in controlling its size. For example, it is often an important negotiating point in an acquisition to be able to offer associates of the target company one or more Board seats. The additional flexibility also would give the directors the ability to add persons who offer special talents to the Board or who are able to add other dimensions to the Board. To be able to offer seats, however, the seats must be available. The current Restated Articles of Incorporation and

the By-Laws fix the maximum number of directors at fifteen and do not give the Board the ability to increase the number of directors by creating and filling a vacancy. Similarly, vacancies can occur from time to time which do not need to be filled. The proposed amendments would allow the Board to reduce its size rather than fill a vacancy.

The proposed amendment relating to advance notice of nominations to the Board is intended to provide for an orderly nomination process and to give the Board time to determine the credentials of nominees and to take a position with respect thereto.

The proposed amendments may have the impact of making a change in control of the Company somewhat more difficult to effect, but the increased difficulty is most likely to relate primarily to timing and not to the ultimate ability to effect a change in the composition of the Board.

The full text of the proposed amendments to the Restated Articles of Incorporation and the By-Laws is set forth below.

The Restated Articles of Incorporation of Sonoco Products Company are to be amended by replacing Article 9(a) thereof with the following language:

(a) Board of Directors. Notwithstanding anything in Item 7 of the Restated Articles of Incorporation, the number of directors of the corporation shall be (i) the number fixed from time to time by the Board of Directors, which shall not be less than nine, plus (ii) any directors elected exclusively by the holders of Preferred Stock as provided in these articles. Except for any director elected exclusively by the holders of Preferred Stock, the directors shall continue to be divided into three classes of as nearly equal size as possible. Each class shall be elected to serve a term of three years. At each Annual Meeting of Shareholders, directors shall be elected to fill any vacancies in any class of the Board of Directors. Directors so elected shall serve until the Annual Meeting of Shareholders in the year in which their terms expire. No person who is not then already a director of the corporation shall be eligible to be elected as a director at the Annual Meeting of Shareholders unless such person shall have been nominated in writing, with such notice delivered to the Secretary of the corporation, not less than sixty days prior to such Annual Meeting.

Article III, Section 1 of the By-Laws is to be amended to read as follows:

1. THE MANAGEMENT of all the affairs, property and the business of the corporation shall be vested in a Board of Directors. The number of directors of the corporation shall be (i) the number fixed from time to time by the Board of Directors, which number shall not be less than nine, plus (ii) any directors elected exclusively by the holders of Preferred Stock as provided in the corporation's Restated Articles of Incorporation. Directors shall be shareholders, each owning not less than one hundred (100) shares of the voting stock of the corporation. The directors need not be residents of the State of South Carolina.

Article III, Section 2 of the By-Laws is to be amended to read as follows:

2. THE BOARD OF DIRECTORS shall be divided into three classes of as nearly equal size as possible in accordance with the provisions of the Restated Articles of Incorporation, as amended.

23

26

Article III, Section 5 of the By-Laws is to be amended to provide that any increase in the number of directors can be filled by the Board of Directors, and thereby to read as follows:

5. ALL VACANCIES OCCURRING IN THE BOARD OF DIRECTORS whether caused by resignation, death, increase in number of directors, or otherwise, can be filled by a majority vote of the remaining directors attending a regular or special meeting.

The Board of Directors urges you to vote FOR the amendments.

ELECTION OF INDEPENDENT AUDITORS

Independent auditors are to be elected by the shareholders for the calendar year 1994. The firm of Coopers & Lybrand, Certified Public Accountants, has audited the books and records of the Company for many years, and the Audit Committee of the Board of Directors recommends continuing the services of this firm. Representatives of Coopers & Lybrand will be present and available to answer any questions that may arise at the Annual Meeting and may make a statement if they so desire.

The Board of Directors recommends that you vote FOR the election of Coopers & Lybrand as independent auditors for the Company for the current year.

COMPLIANCE WITH THE SECURITIES EXCHANGE ACT OF 1934

As required by Section 16(a) of the Securities Exchange Act of 1934, the Company's directors, its executive officers and certain individuals are required to report periodically their ownership of the Company's Common Stock and any changes in ownership to the Securities and Exchange Commission and the National Association of Securities Dealers, Inc.

The Company failed to file on a timely basis one report for Mr. Leo Benatar's shares in Engraph, Inc.'s Retirement Plus Plan 401(k). Mr. Benatar is Senior Vice President and a director of the Company. This information should have been filed on 1993's year-end Form 5, due February 14, 1994, but was reported on February 28, 1994, on Form 5.

SHAREHOLDER PROPOSALS FOR NEXT ANNUAL MEETING

A shareholder proposal to be presented at the next Annual Meeting must be received by the Company not later than November 4, 1994, in order to be included in the Proxy Statement and Proxy.
